Core CCR Fallback Procedures Proposal

Announcement: Publication of Consultation Report for Fallback Procedures Proposal within Core CCR

Dear Market Participant,

The public consultation for Fallback Procedures Proposal within Core CCR ended on April 27th at 00:00 CEST. The Core CCR TSOs analyzed the received responses and assembled all views in a Consultation Report, available on the ENTSO-E website within the Core CCR dedicated section (<https://www.entsoe.eu/major-projects/network-code-implementation/cacm/core-ccr/Pages/default.aspx>) as well as on some individual TSO websites.

On May 17th, the Core CCR TSOs submitted the Proposal to the Core CCR NRAs. This document is available on the ENTSO-E website within the Core CCR dedicated section as well.

The Core CCR NRAs' approval is expected by November 2017.

Best regards,

The Core CCR TSOs
