Update on early implementation

- Following a request from stakeholders, the version of the EU HAR 2017 was submitted by TSOs to NRAs during the summer for approval
- The approval process ran smoothly
- All NRAs* have now approved the EU HAR 2017 and the Border/Regional Specific Annexes (where applicable)
- The EU HAR 2017 is to be applied to the long-term auctions for the 2017 calendar year

* Approval process still ongoing for URE. Situation similar to last year.
HAR to be implemented on IRL-GB interconnectors after start of SEM or formal FCA GL implementation

General FCA Planning
