Proposal on how to manage issues detected by stakeholders

Issue detected and presented to ESC → No consensus or clear answer by ESC

Issue detected and presented to ESC ↓ Consensus on the solution(s) by ESC

No consensus or clear answer by ESC ↓ EG / adhoc group established to investigate the issue

EG / adhoc group established to investigate the issue → No consensus on approved solution(s) by EG / adhoc group → The solution(s) go to EC and/or ACER

EG / adhoc group established to investigate the issue ↓ Consensus on the solution(s) by EG / adhoc group

The solution(s) go to EC and/or ACER ↓ EC / ACER recommendation for solution(s)

Consensus on the solution(s) by EG / adhoc group → Presented to and approved by ESC ← EC / ACER recommendation for solution(s)
